

**GET INFORMED:** Many people have donated through Main Line Meals for Healthcare Workers, providing meals for first responders and healthcare providers, but some of these front line heroes have not been able to enjoy the generous contributions **due to their specific food allergies, religious practices and other special dietary needs..**

**SAFE HAVEN STATION** has partnered with Main Line Meals For Healthcare Workers, to compile a list of food providers that can cater to those with special diets including: **KOSHER / HALAL, DAIRY FREE, GLUTEN FREE, VEGAN, and food allergies,** so that everyone working will be able to enjoy these much appreciated food donations! **SAFE HAVEN STATION** will also help Main Line Meals for Those In Need find special dietary foods whenever required.

## NOT EVERY IN THE FRONT LINES EATS THE SAME...

**A la Karte** has joined a team of restaurants and caterers, to provide safe options for the ones in the front lines, adopting required food preparation and handling protocols.
