

Israel Education Class

For everyone interested... perfect for parents who want to learn about Israel, to help your children understand more

In honor of the 75th anniversary of Israel's independence, we will journey back to the 19th century to Tzarist Russia and the trials and tribulations that were the impetus to modern Zionism. We will follow the successes and failures of the nascent Zionist movement up until the Second World War and the Shoah. After a thorough study of the Shoa itself, the class will explore the miraculous story of how the Jewish people and the State of Israel rose out of those ashes 75 years ago to continue to write the next chapters in the epic story of our people.
