

Officer Spotlight

Harry Landsburg Vice President ~ Administration

I became a member of Har Zion Temple when I married my wife Laurie in August 1977. That Fall I joined the Budget Committee, and I am still a member after 46 years.

Eventually, I became chair of the Budget Committee, then was elected to the Board of Directors, and later was elected as an Associate Treasurer. I have been the Treasurer and Associate Treasurer of Har Zion for many years. At one time, I was the Vice President for Programming.

Our children Dan and Amy attended pre-school, religious school, and Hebrew high school at Har Zion, and we also celebrated their Bar and Bat Mitzvah and Confirmation here. Both attended the Day Camp and were eventually counselors for the Camp. Our daughter Amy is a past president of the Youth Group, and I received a Membership Services Award in 2012. My wife Laurie worked in the office at Har Zion Temple for 25 years, retiring in 2019.

I am a non-practicing CPA and for the last 30 years I have consulted with a large number of manufacturing and distribution companies to optimize their business processes using Enterprise Resource Planning (ERP) software. I have developed a significant understanding of how organizations work, have interviewed many hundreds of people about their jobs and how they want to do them better. My work will allow me to help enhance how Har Zion Temple functions day to day in support of our congregants.

Har Zion Temple means a great deal to our family. I look forward to helping to make sure that our Har Zion community is best supported by the clergy and professionals that make us a special place. *B'Shalom.*
