## INNOVATION UPDATE FROM ISRAEL IDEAS

### *Machines about to Revolutionize the Way Food is Prepared*

Eshchar Ben-Shitrit grew up on a kibbutz where his mother ran the dairy farm. He observed the strong bond between cows and their calves, and this memory triggered something in him when he became a father four years ago. "When my first son was born I felt it was not possible to eat meat anymore. I felt I'd be eating someone else's child," said Ben-Shitrit. "I got obsessed with finding a solution for people who enjoy meat, like me, but don't want to eat animals." Using professional expertise honed at printing companies including HP Indigo and Highcon, Ben-Shitrit quit his job earlier this year and founded Jet-Eat. Working with food scientists, he's developing 3D printing technologies to produce plant-based "beef" with the approximate appearance, texture and mouth feel of cattle meat.

## Transportation to Har Zion Temple

**"Oh, if I'd only known she/he needed a ride to Har Zion."**

**"Oh, I would have been there but I couldn't get a ride."**

We are hearing these statements more and more – and would like to help our congregants who would like to attend services, meetings and programs.

**Do you need a ride...** To Services? To daytime or evening meetings and/or programs?

**Can you provide an occasional ride?**

What areas would be convenient for you? What Services, meetings, or programs do you usually attend (morning/afternoon/evening)?
