INNOVATION UPDATE FROM ISRAEL IDEAS
The Kids Won’t Even Know Its Whole-Wheat Bread

Healthy sandwiches for kids – Ruta wheat to the rescue. This healthful variety bakes up to look like white bread but contains the nutritional value of whole grain. The spokesperson of Israel’s Agricultural Research Organization – Volcani Center says, “After you grind the Ruta wheat seeds, the flour takes on a light, white coloring. This flour can be baked into what looks like white bread. For kids who don’t like to eat brown bread, this is the perfect solution.” Volcani scientists used cell engineering to develop Ruta, making it the first wheat ever introduced to commercial agriculture. In addition to being more nutritious, Ruta boasts a high baking quality. For more information: <http://www.israelideas.org/#!current/c1gqf>.
