## INNOVATION UPDATE FROM ISRAEL IDEAS Israel Assures Ample Safe Water For A Thirsty World

What does Meskele Cristos in Ethiopia, Nepal, Minjingu in north Tanzania, Syria, Sri Lanka (and other countries) have in common...Israel offering their water technology skill and knowledge. Israel, considered the world's most successful country in terms of water technology and conservation, frequently offers expertise and equipment to water-strapped nations — from the United States to developing countries in Africa and the Far East. Industry, academic institutions, NGOs and government agencies all are involved in these efforts.

The CEO of the Israeli consulting firm @GreenTECH and cofounder of the Israel-California Green-Tech Partnership, a new initiative to leverage Israeli and American knowhow in combating California's drought crisis said, "Just over five years ago, Israel had fears of turning on the tap and no water coming out. In just a few years, Israel has innovated its way to becoming the world leader on water innovation." With countries across the globe lining up to purchase Israeli water-tech products, several business and government initiatives seek to match the most appropriate technology with a specific area's needs. Moreover, in times of crisis the Jewish state shares its water technologies, even with enemy states. To read more, go to: <http://www.israelideas.org/#!/current/c1gqf>

# HAR ZION YESHIVA

**HZY** is a framework for exploring core human themes through the lens of the Jewish tradition. Through texts, speakers and hands-on experiences we will strive to not just live a life, but to be present for the incredible cliffs and valleys of what life has to offer. This December, dedicate some time for yourself, as together we learn to take care of ourselves.

## Thursdays at 7 PM December

**1<sup>st</sup>** Is there a Jewish way to take care of our bodies and our minds? What does our tradition have to say about self-care? Join **Rabbi Allen** in exploring the texts of our heritage that speak to this topic.

**15<sup>th</sup>** **Yoga and Jewish themes** are combined by Yogi and student of Jewish text, Joel Schneier. Wear yoga-friendly clothes and bring a mat if you have one!

**8<sup>th</sup>** A Community Awareness event hoping to help reduce the incidence of substance abuse, self harm, isolation, bullying and suicide and create a culture of openness and advocacy. **Featuring Minding Your Mind speaker Drew Bergman as he shares his personal story.** Facilitated by Sheila Gillin, LCSW, Clinical Director for Minding Your Mind.

*This presentation is supported by the Har Zion High School of Jewish Studies, Sisterhood, the Trustees, and Adult Education*

Drew Bergman is a senior at Temple University. While Drew is a successful full-time student with a bright future ahead, this was not always the case. Drew's early teenage years were filled with a severe case of depression. For a brief time, he was able to hide his depression and continue to perform as an outstanding athlete and solid student. However, in his sophomore year of high school Drew experienced a turning point in his recovery when he attempted suicide for the second time.

Drew is a 2014 recipient of the Need In Deed Community Partner Award. He was a presenter at the national SADD conference and was one of the keynote speakers at the Pennsylvania State PBIS (Positive Behavior Interventions and Supports) Conference where he presented to 1,000 educators and school counselors.
