INNOVATION UPDATE FROM ISRAEL IDEAS

Game Changing Sports Technologies From Israel

Technology today is enriching every aspect of the global sports experience – from practicing, playing and analyzing performance to betting, fan engagement, broadcasting and marketing. Israeli innovations are fast winning fans among the big leagues in the United States and United Kingdom.

“The intersection between the passion for sports and the passion for technological innovation is a ball of fire,” says Lee Aviram Shoshany, manager of digital media technologies for the nonprofit Israel Export and International Cooperation Institute. The institute and the Economy Ministry recently took 13 startups on a weeklong “road show” to present their products to executives from the NBA (basketball), NFL (football), NHL (ice hockey), and MLB (baseball) and to individual teams, venture capitalists and companies such as Twitter, HTC and Sony.

Transportation to Har Zion Temple

“Oh, if I’d only known she/he needed a ride to Har Zion.”

“Oh, I would have been there but I couldn’t get a ride.”

Do you need a ride...To Services? To daytime or evening meetings and/or programs?

Can you provide an occasional ride?

What areas would be convenient for you? What Services, meetings, or programs do you usually attend (morning/afternoon/evening)?

Please contact Nanci Goldman, NanciG22@aol.com or 610-664-7987.
