## INNOVATION UPDATE FROM Taking Blood Easier Using a Joystick-Like Robot

Ben-Gurion University of the Negev (BGU) and the Cincinnati Children's Hospital Medical Center joined together to set up a company seeking to commercialize a new system which will make it easier for medical practitioners to insert needles into veins for a range of medical procedures, like taking blood or intra-venous feeding.

The new company, Xact Medical, will further develop and bring to market the Fast Intelligent Needle Delivery (FIND) system that uses robotics and ultrasound to guide and insert a needle into a patient's body. According to a joint statement, the technology, which combines clinical, research and engineering expertise, will be particularly significant for children, as their vascular systems are so small and precision can be critical. The technology began with a back-of-the- napkin sketch in 2012 that quickly progressed from an idea to a prototype. To read more, go to: <http://www.israelideas.org/#!current/c1gqf>.

## TOILETRY DRIVE FOR GOLDEN SLIPPER – NOW!

The Tikkun Olam Committee is starting its annual collection for personal care items for Golden Slipper Senior Club. We prepare packages for their Mother's Day and Father's Day luncheons that are given away to attendees. In the past, we have asked for donations of hotel-size items. The decision has been made to no longer give these small sizes. We will be giving full-size products only. In addition to full-size being greatly appreciated by the recipients, it has been concluded that the small sizes are too difficult for the seniors to open. So we are asking for your kind generosity in donating what you can of the listed items, but please – FULL SIZES ONLY.

**Items being collected: disposable razors, shampoo/conditioner, soap, deo- dorant, toothpaste, toothbrushes, powder, body lotions, tissues (pocket size)**

***The Lost Book of Moses: The Hunt for the World's Oldest Bible***

**Sunday, March 19, 10 AM**

***Author Chanan Tigay in conversation with his father Dr. Jeffrey Tigay***

In 1883, archaeological and treasure hunter Moses Wilhelm Shapira claimed to have discovered the world's oldest Bible scroll. Denounced as fake by a French archaeologist, it seemed that was the end of the story until investigators reopened the case in 1947, wondering whether Shapira had discovered the first Dead Sea Scroll decades before anyone else.

**Conversation with ALEXANDRA ZAPRUDER**

***26 Seconds: A Personal History of the Zapruder Film***

**Wednesday, March 29, 7 PM**

***Author Alexandra Zapruder in conversation with Norman Einhorn***

On November 22, 1963, Abraham Zapruder stood in Dealey Plaza eagerly awaiting the arrival of President Kennedy's motorcade. He had brought along his personal movie camera, hoping to capture a home video of the once-in-a-lifetime moment. Instead, his 26-second home movie captured President Kennedy's assassination and thrust Zapruder – and his family – into the national spotlight for decades. Now Abraham's granddaughter, Alexandra Zapruder, tells the complete story of the Zapruder film for the first time.
