Young Adelia Montforte flees fascist Italy for America, where she is whisked away to the shore by her well-meaning aunt and uncle. Here, she meets and falls for Charlie Connally, the eldest of the four Irish-Catholic boys next door. But all hopes for a future together are soon throttled by the war and a tragedy that hits much closer to home.

Grief-stricken, Addie flees – first to Washington and then to war-torn London—and finds a position at a prestigious newspaper, as well as a chance to redeem lost time, lost family...and lost love. But the past always nips at her heels, demanding to be reckoned with. And in a final, fateful choice, Addie discovers that the way home may be a path she never suspected.

**INNOVATION UPDATE FROM  ISRAEL IDEAS**  
***Extending Battery Life In 150 Million Phones***

While the ideal smartphone would be thin, light and affordable, and have an ultra-long-lasting battery, we cannot have it all – at least not until a cheap, long-lasting, featherweight battery is invented. In the meantime, Lucidlogix Technologies is solving this puzzle with a software solution called PowerXtend.

**"Built into more than 150 million licensed Android devices, PowerXtend makes your phone battery last up to 20 percent longer when you're using the most battery-draining graphical applications: chatting, gaming, multimedia browsing and navigating. In addition to extending battery life, PowerXtend also reduces the amount of heat released from the device during graphics-heavy uses like Waze,"** says Lucidlogix CEO and Chairperson, Adina Shorr.
