INNOVATION UPDATE FROM ISRAEL IDEAS

Reducing Post-Surgery Opioid Addiction

Tens of millions of inpatient surgical procedures are performed in the US every year, according to a report by the Centers for Disease Control and Prevention, the leading national public health institute of the United States. Millions of these patients become addicted to opioid medications prescribed to them following surgery. And with the opioid crisis where it is, already named the worst drug epidemic in US history and claiming around 150 lives a day in the US, health officials are desperately seeking measures to halt it from growing even more.

Dr. Michael Schatz

Part 2: History of Jewish Philadelphia: Jewish Neighborhoods in Philadelphia

In this series we will trace the patterns of migration of the children of Jewish immigrants as they moved out of South Philadelphia toward Strawberry Mansion, West Philly, Wynnefield, and Logan. Then we will delve into the “Third Settlement”- neighborhoods close to the edge of the city that were built up after the second World War, and the Jewish communities that formed in West Oak Lane, Northeast Philadelphia, and more. Jews moved slowly to the suburbs in Philadelphia, only settling in Cheltenham and parts of Lower Merion in significant numbers before 1970. We’ll look at the evolution of these communities, and then finish with a discussion of the new realities of outer ring suburbanization, resettlement of the city, and the impact of immigration from the former Soviet Union, the resurgence of Orthodox Judaism, and Jewish rise to prominence in politics and philanthropy. We will also devote a session to the history of Jewish Education in Philadelphia.

7:45-8:45 PM (later session)
