INNOVATION UPDATE FROM *ISRAEL IDEAS*

A Whole New World for the Visually Impaired

Amnon Shashua and Ziv Aviram, the founders of Mobileye, one of Israel's biggest companies acquired by Intel for its groundbreaking vision-based driver-assistance system, have also been advancing another vision-based assistive product, which Aviram told Reuters "has the potential to be even bigger."

It's a game-changer for the visually-impaired who want to be able to freely move about with everyday tasks without calling attention to themselves, says OrCam Director of Media and Communications Rafi Fischer. The Jerusalem-based company is "returning independence to the user," said Fischer. "This is the world's most advanced artificial vision device for people who are blind, partially sighted and has reading difficulties," he adds.

Transportation to Har Zion Temple

"Oh, if I'd only known she/he needed a ride to Har Zion."

"Oh, I would have been there but I couldn't get a ride."

We are hearing these statements more and more – and would like to help our congregants who would like to attend services, meetings and programs.

Do you need a ride...To Services? To daytime or evening meetings and/or programs?

Can you provide an occasional ride?

What areas would be convenient for you? What Services, meetings, or programs do you usually attend (morning/afternoon/evening)?

Please contact Nanci Goldman, nancigoldman22@gmail.com or 610-664-7987.
