**INNOVATION UPDATE FROM  ISRAEL IDEAS**

***Giving Voice to People Who Can't Be Heard***

With the advancement of voice-powered technologies — like Siri and Alexa — a world of information and entertainment is now available to millions who are unable to access a device because of disabilities. But these individuals often have another problem: because of their disabilities, they cannot speak in a manner that voice-powered tech services can understand — and they also cannot communicate effectively with loved ones, who have a difficult time understanding them because of speech issues.

That's where Voiceitt comes in. Their technology enhances people's speech, enabling them to speak in their own voices, to communicate with friends and family, and with voice-powered devices and systems. The Voiceitt system opens the world to millions who would never have been able to access information, music, video, news or social media, and enables them to develop and nurture personal relationships. It is for that reason that the company won a WeWork Creator Award. The awards are a global initiative to recognize and reward innovative projects.

**Transportation to Har Zion Temple**

***"Oh, if I'd only known she/he needed a ride to Har Zion."***

***"Oh, I would have been there but I couldn't get a ride."***

We are hearing these statements more and more — and would like to help our congregants who would like to attend services, meetings and programs.

**Do you need a ride...**To Services? To daytime or evening meetings and/or programs?

**Can you provide an occasional ride?**

What areas would be convenient for you? What Services, meetings, or programs do you usually attend (morning/afternoon/evening)?
