### GIVE A D'VAR TORAH AT SHABBAT SERVICES

Why are Bar/Bat Mitzvah students the only Har Zion Temple members who share thoughts on the weekly Torah portion or Haftarah with the community? Each Shabbat **through August 26-27**, we encourage all to step forward and prepare 3-5 minutes of Torah or Haftarah commentary to present at Friday or Saturday services. Contact Rabbi Allen [ruallen@harziontemple.org](mailto:ruallen@harziontemple.org) to select a date. All of our clergy are more than ready to help you prepare. It is a wonderful opportunity to grow Jewishly, and the congregation looks forward to hearing your insights.

## **INNOVATION UPDATE FROM ISRAEL IDEAS The Future of Wearable Exercise Tech**

Israeli-founded LifeBEAM is introducing Vi, a first-of-its-kind augmented reality (AI) personal trainer and it took only 90 minutes for the company to reach its Kickstarter funding goal towards commercializing it. The Vi technology resides in cutting-edge Harman/Kardon earphones and provides real-time coaching based on the user's own physiology. "The future of wearables is using AI to personalize our health and fitness in real time, and we created Vi to lead this new frontier," said the CEO and cofounder of LifeBEAM.

Vi contains aerospace-grade biosensors to measure heart rate, heart rate variability, motion, elevation and other parameters; hi-fi sound quality; an ergonomic design; and the ability to learn and grow with each user "By improving a person's awareness of their own behaviors, environment, and real-time physiology, Vi provides an inspiring and truly smarter workout experience. We call Vi an 'Awareable,' as it's the first and only wearable with the power to actually be aware of a person's activity patterns and coach their behavior in real time."
