### THIS SUMMER – GIVE A D'VAR TORAH AT SHABBAT SERVICES...

Why are Bar/Bat Mitzvah students the only Har Zion Temple members who share thoughts on the weekly Torah portion or Haftarah with the community? Each Shabbat **through August 26-27**, we encourage all of our members to step forward and prepare three to five minutes of Torah or Haftarah commentary to present at Friday night or Saturday morning services. Please contact Rabbi Allen rualen@harziontemple.org to select a date. All of our clergy are more than ready to help you prepare. It is a wonderful opportunity to grow Jewishly, and the congregation looks forward to hearing your insights.

## INNOVATION UPDATE FROM ISRAEL IDEAS Seven Israeli Robots That Are Transforming Surgery

Robotic or robot-assisted surgery can give doctors better vision, precision, flexibility and control when performing complex minimally invasive procedures. Someday, surgeons will even use robotic tools to operate through the Internet, bringing modern medical techniques to remote parts of the world. Only a handful of surgical robots are currently approved for use, and Israelis developed three of them.

“This really puts us in the center of the field,” says Prof. Wolf, founding director of the Biorobotics and Biomechanics Lab at Technion-Israel Institute of Technology. Wolf was studying for his doctorate under robotics pioneer Moshe Shoham when they started developing SpineAssist for minimally invasive spinal surgery.
