High Holiday Highlights with Dr. Sara H. Cohen Tuesday mornings, September 20, and 27, 11 AM-12 PM

Rosh Hashanah and Yom Kippur are the most sacred, most observed Jewish holy days of the year. They are dubbed Yamim Noraim – Days of Awe, Days of Reverence. Come learn of their origins, history, development, their very essence, and how and why they have become so important to our people. We will also study (and hear on videos) select prayers from the Mahzor (our prayerbook) to gain a greater appreciation and feeling of personal relevance for this time period. *Sponsored by Sisterhood – All are invited!*

Hot Topics with Norman Einhorn – Wednesday, September 21, 11 AM-12 PM

INNOVATION UPDATE FROM ISRAEL IDEAS
Pulsing Away Motion Sickness

For people who suffer from motion sickness, the revolting feeling of nausea, dizziness and unevenness can be debilitating. A ride in a car, ship, airplane or train can cause motion sickness. People also can get these unpleasant symptoms from amusement park rides or from watching fast-paced movies or video games. Most sufferers will tell you almost nothing works despite the fact that the market has numerous wearable devices and anti-nausea pharmaceuticals boasting cures or prevention. Now, an Israeli team of entrepreneurs offers a solution for some sufferers. It's called MotionCure and is developed by Sidis Labs, an Israeli startup that is pulsing away all those bad feelings. "It's a big thing for everyone who suffers from motion sickness," said Sidis Labs CEO Raz. MotionCure is a neck brace that looks like a cross between cervical collar worn after a whiplash injury and an airplane travel pillow.
