Adult Ed Book Discussion – Monday, June 5, 5 PM

Putting God Second: How to Save Religion from Itself

by Rabbi Donniel Hartman

Please join Rabbi Alpert as we examine both the major themes of "Putting God Second: How to Save Religion from Itself" and the Biblical and Rabbinic sources that inform this book. We will explore religion's moral failure – its "autoimmune disease" – or how religions undermine their own deepest values.

You will need to purchase the book for discussion purposes.

You are still welcome if you missed the previous sessions.

For questions, please email Patty Grobman, pgrobman@harziontemple.org

INNOVATION UPDATE FROM ISRAEL IDEAS

No Entry To Viruses, Thanks To Israeli-US Team's Wastewater Filter

Researchers from Ben-Gurion University of the Negev (BGU) and the University of Illinois at Urbana-Champaign (UIUC) have developed new ultrafiltration membranes that significantly improve the process of removing viruses from treated municipal wastewater used for drinking in water-scarce cities. Current membrane filtration methods need intensive energy to adequately remove pathogenic viruses without using chemicals like chlorine, which can contaminate the water with disinfection byproducts. For example, the Norovirus, which can cause nausea, vomiting and diarrhea, is the most common cause of viral gastroenteritis in humans. It is estimated to be the second leading cause of gastroenteritis-associated mortality. Human adenoviruses can cause a wide range of illnesses that include the common cold, sore throat, bronchitis, pneumonia, diarrhea, pink eye (conjunctivitis), fever, bladder inflammation or infection, inflammation of the stomach and intestines, and neurological disease, said the researchers, Prof. Moshe Herzberg of BGU and Prof. Nguyen Thanh H. Nguyen of UIUC.

Engaging Jerusalem

June is Building Jerusalem

We will feature two programs that allow us to engage the idea of what it takes to build the eternal city. The first program will be a hands-on building opportunity for the children of the Jane Fishman Grinberg Religious School to "build" Jerusalem in Lego models, and the second will be a presentation by the JNF focused on infrastructure and the resources that it takes to keep Israel and Jerusalem as its capital well cared for.

JFGRS Snapology Lego Building of Jerusalem

Sunday, June 4, 11 AM

As part of the Jane Fishman Grinberg Religious School's Spectabulous Year-End Celebration, the Gan-Bet classes will work on a project of 'Lego Building Jerusalem' with Snapology.

Snapology's goal is to put purpose to their building through blueprinting and idea sharing. Their themed programs use LEGO® bricks, K'Nex and other interactive building toys to engage children and spark their creativity (go to www.snapology.com for more info).

JNF and Israel's Water Solutions with Talia Tzour-Avner

Tuesday, June 20, 7 pm

With more than 25 years of dedicated service, Talia Tzour-Avner has played an instrumental role in implementing KKL-JNF's vision for the land and people of Israel. As Jewish National Fund's Chief Israel Emissary, Talia fosters a close connection between the American Jewish community, the Israeli people and KKL and JNF operations. She oversees JNF Task Forces on water solutions and cutting-edge development of Israel's Arava region. A Sabra born in Jerusalem, Ms. Tzour-Avner continues the Zionist legacy of her family, who made Aliyah from all over the world to play their part in establishing the State of Israel.

Rabbi Yose taught:

*It is not a person's place that accords them honor but
rather the person who accords honor to their place.*

(Babylonian Talmud, Tractate Taanit 21b)
